TEN ROBBERS TORTURED FAMILY; INHUMANLY BEAT TWO BABIES.

Demanded \$20,000 and When Informed That No Such Amount Was in the House Applied Torches to the Faces and Feet of Eight Victims-Spent Five Hours in Robbing Residence and Eating While Inmates Lay Bound and Stunned by Clubbing-

Even the Infants Were Knocked Into Insensibility.

Toledo, O., Feb. 26.-Ten masked robbers went to the home of Christian Joehlin, two miles from the city limits, late last night, battered down the doors with clubs and en tered the residence, leaving two men outside as guards.

In the house were Mr. and Mrs. Christian Joehlin, Mr. and Mrs. Joehlin, John Anderson, Joseph Joehlin; also a 3-year-old boy and an 18-months-old girl. All, including the baby boy and girl, were clubbed into insensibility, bound and gagged.

When the Joehlins recovered consciousness the robbers demanded \$20,000 which they said they knew was secreted in the house. When told that no such amount was there the bandits applied burning torches to the

faces and feet of all their victims, blistering even the infants' little feet. Christian Joehlin, an aged paralytic, was beaten so frequently that there is not spot on his head that is not bruised and raw.

The maranders, before leaving their victims securely tied, searched every corner of the house, securing \$300 in cash and several articles of jewelry, but overlooked the \$20,000. They drank considerable wine which they found in the cellar, prepared a hearty meal, including meat, potatoes, coffee, wine and other edibles, and coolly devoured it.

They were in the house five hours, leaving at 4 o'clock this morning, after notifying the family that they would return for the \$20,000.

Every policeman and detective in the city is working on the case, but not even a clew of the intruders' whereabouts has been discovered.

DEMOCRATS OF SOUTHERN ILLINOIS WIN THEIR FIGHT

Legislature Practically Gives Up Plans for Apportionment of Judicial Districts and Scramble for Nominations Is Now in Progress-Both Branches Will Be Idle Until Next Tuesday - House Passes Minor Bills.

DAY'S WORK IN ILLINOIS LEGISLATURE.

A judicial apportionment of Southern Illinois was practically given up yesterday by

The situation now resolves itself into a scramble for the nominations in the districts s they stand.

John Lynch (Republican) of Richland County is again in Springfield and announces sentative of the Ministers' Association of Salt Lake. His statement is sworn to. Mr. Leilich declares that Smoot is a polygamist and now has a plural wife, al-though he deems it inexpedient to give the maiden name of the lady at this time. His that he may run in his district, despite the odds against him. Discussion is centering upon a Senate bill providing that the Bible be read for three minutes each day in all the public schools. The limit for the introduction of bills in the House was extended from March 3 to

March 11. Three minor bills were passed in the House and another large batch introduced. Both houses are practically adjourned until next Tuesday. They will convene this

vote yesterday on the resolution to itemize appropriations shows that but forty-seven Republicans voted with Speaker Miller, two loss than sustained him in the speakership Seventeen Cook County Democrats voted

with the administration. B. M. Mitchell, who is credited with being the leader of this contingent, said to-day that his vote did not mean a party split; that, under the cir-cumstances, he and his friends thought fit to use their own judgment and vote ac-cording to their inclination. He says that party was not involved, as the leaders did not call for a party stand upon the question. All the various propositions to reappor-tion the Southern Illinois judicial districts ording to their inc now seem to be dead. The subcommitte appointed to draw a House committee bill, after many futile endeavors to reach an

agreement, reported to the Appor committee, recommending that all appor ionment bills be tabled. It was so moved, and the motion carried with but one dissenting vote. The Republicans insisted on making a personal, in-stead of a party, apportionment. The result district, either for his own benefit, as a

"Your protestant says that he is advised by counsel that it is inexpedient at this time to give further particulars concerning such plural marriage and its results, or the place in which it was solemnized, or the maiden name of the plural wite."

Mr. Leilich also asserts that "President Joseph F. Smith, president of the Mormon Church, is living in open polygamy, and has had a child born to him by his 'plural wife' as late as 1888."

And also that "President Lorenzo Snow lived and died in the practice of polygamy and polygamous cohabitation, and that his plural wife, Minnie Jensen Snow, bore him a child as late as the winter of 1886-1891." candidate for judicial honors, or for some PERSONAL AMBITION.

PERSONAL AMBITION.

It may be that somebody else will try his hand at satisfying all concerned and will introduce another bill. But, unless a large percentage of the Republican legal talent in the House sacrifices personal judicial aspiration, no change will be made. The Senate Apportionment Committee, hearing of the House action, also decided that it was not possible to put an apportionment through. Accordingly, a resolution was offered and carried which kills all Benate apportionment bils.

This action clears the held for nominations in the southern districts. In the existing First District, which is the most strongly Republican, Judge Harker, present incumbent, will not run. Judges Joe Roberts of Alexander County and A. K. Vickers of Johnson County will seek renomination and election. W. W. Duncan of Williamson County also is in the race. R. J. McEavain of Murphysboro, a member of the present House, is now fighting John H. Herbert, to secure the Jackson County delegates at the nominating convention. The Jackson County primary is set for March 12. The issue of this race will leave five candidates for the three places on the Republican ticket, the chances favoring Roberts, Vickers and Duncan.

The Democratic nominations in the Sec-"The charges are brought independently by Doctor Leilich, I was informed last night that such charges would be brought against Mr. Smoot. Although this accusation does not form part of the formal protest against Mr. Smoot, brought by the Ministerial Alliance, yet that body will stand back of Doctor Leilich."

The polygamy charge against Senator-elect Smoot was received with the utmost surprise in Salt Lake, among Mormons and Gentiles alike.

the chances favoring Roberts, that the Sections and District, which has a normal 2,000 majority for the Democrats, will take place March II. Two of the nominees will be Judge Creighton of Fairfield and P. A. Pierce of Carmi. Every county of the district has a candidate for the third place. Charles H. Brooks of the National Securities Company, who were indicted last week, had left the city.

Charges of conspiracy to defraud were preferred against each of the defendants. They were arrested in the Grand Jury-room and Chris Schawacker signed their bonds for \$1,000 each. It is reported that Smith and Brooks each gave Schawacker \$1,200 to insure him against loss.

Reports have been circulated recently that indictments charging them with fraud, which is a felony and would require a bond of \$5,000, had also been voted against them, and Circuit Attorney Folk believes this caused them to run away.

Hugh McCorkle, a lawyer in the Chemical building, notified Circuit Attorney Folk yesterday morning that he was the custodian of books, pamphiets and photographs belonging to the National Securities Company, and that he wished to turn them over to Mr. Folk.

The Third District includes East St. Louis, Madison, Alton and Belleville. Democratic Judges are now on the bench in this territory, but the conditions have changed in the last six years, and it is thought here that the Democrats will make no fight. There are many candidates for the Republican nomination. that the Democrats will make no fight. There are many candidates for the Republican nomination.

The Fourth District is strongly Democratic. It is said that the nominations are assured to T. E. Ames of Shelbyville, W. M. Farmer of Vandaiia and S. L. Dwight of Centralia. The support of Shelby County was warmly contested against Ames by Judge Rengan, also of Shelbyville. Ames won in the primaries by a narrow margin, and now has the solid support of his county.

The Fifth District, known as the Vermillion District, is safely Republican. The nominees probably will be Van Sellar of Edgar, Dunn of Coles County and Booth of Clark County.

Judge Lynch of Richland County was in Springfield again to-day, endeavoring to resuscitate the expiring apportionment scheme. He said that he may run in his district, the Second, as it now stands, and try to overcome the Democratic majority.

CASE ATTRACTED ATTENTION.

The case of Senter has attracted more
than usual attention. Nearly all of Northeast Missouri has been interested in the
strange circumstances that resulted in his
final incarceration in the Penitentiary of
Minnesota for a term of ten years and three
months. Petitions have been circulated, letters written, lawyers employed and everything done to save him from imprisonment.

Three or four years ago a gang of forgers
operated in the northeastern part of the
State. Forged deeds were used to borrow
money on deeds of trust. More than one
firm was fleeced. A firm of Council Bluffs
was among the victims. Another firm was

In Minnesota Senter had an uphill job of it. It was charged that he was in a gigantic scheme to defraud and that his neighbors were in the scheme. The compliancy was designated as a sort of alibit association, as the guilt of Senter hung in a way on whether he was at home July 4, 1901, or at another point.

Representative Witty saw Senter July 3. Hundreds of other neighbors, it is said, saw him on the Fourth, hundreds of miles away from the point where it was claimed in court he was.
